Iskida is a young heroine in a “prehistoric” world of war and magic, inspired by Sardinian and Mediterranean folklore. She is a sorceress, wild and independent, brave and pure-hearted. She is a Dream Walker, a special kind of witch who – through dreams – must explore different worlds in order to save the threatened one in which she lives: Nurak, an ancient land of Gods and Giants.

*Land of Nurak,
ancient Land of Gods and Giants:
thirty-two are the Clans, thirty-two are the Astral Signs,
thirty-two are the Moons, four are the Magic Elements.
Subtle is the line between dreams and reality,
and in the veins of the Wanderers flows the power to cross it...*

An action-packed fantasy adventure in a wholly realised world of magic, mysterious stone towers, clans and powerful dreams. A completely original saga set in an ancient and unseen mythical realm.

The trilogy consists of three seasons: *The Sleep Amulet*, *Dream Walker* and *Akasha's Song*.
